

HOW TO PLAY THE UK LOTTERY & EUROMILLIONS FOR FREE!!

No, you haven't read it wrong - I am going to show you how you can play both the UK and EURO lottery's every week and not pay a penny for the privilege! Just give me a few minutes of your time and all will be revealed...

Yes, this is the new craze sweeping entire Continents that basically increases your chances of winning the **UK lotto by 702%** and the **Euromillions jackpot by an enormous 3600%**.

This system is perfectly legal and is brought to you by '[Virtual World Direct Ltd](#)'

It is not a scam and does not violate any laws anywhere in the World. It is available to anyone, anywhere Globally. People from 133 countries are already playing the e-lottery. All you need to join the system is to have Internet access. You will initially have to pay for your lotto entries (just like the regular lottery) but these costs can be recouped within days if you join as an **affiliate member** - more about that later!!

VWD is a proud member of the Lotteries Council... an independent organization that helps businesses and non-profit groups with the development of viable, legal, and ethical lottery services.

How does this all work I hear you ask?

Virtual World Direct Ltd has developed a unique method of legally and Professionally running national lottery syndicates online called the **e-Lottery Syndicate© Multi-Win System**, that gives you a dramatic mathematical advantage to win more compared to playing on your own. Now I know what you're thinking - "Oh it's one of those syndicate things....." but wait... this is a little different - look at the increased odds this system generates....

UK Lotto

702% greater chance of a jackpot wins
1 in 13 chance of any prize (normally 1 in 54)

EuroMillions

3,600% greater chance of a jackpot wins
1 in 10 chance of any prize (normally 1 in 24)

Impressive?

After joining you are automatically entered into an online syndicate. Your numbers are given to you and you can choose to enter either the UK or Euro lotteries (or both!).

For just £5 per week you will have 44 entries into Saturday's AND Wednesday's UK Lotto - that's 88 entries every week for just £5. If you want you can also play the EuroMillions lottery on a Friday, you get 36 entries for another £5.

Therefore, for playing both the UK and Euro lottery you are paying just £10 (approx \$18) per week to enter all 3 draws with these drastically improved odds of winning!

Exact details on how this revolutionary mathematical system works will be explained later.

But you said we could play for free?

Yes I did, and here comes the clever bit!!

If you join as an affiliate member for just £4.99 per year (approx \$9), you can then refer others to join the system and receive an on going commission from them. If you introduce a member you will receive 20% commission for each syndicate they join.

In simple English...

For each new player you personally introduce to the e-lottery system, you earn a commission of 20% on their £5 weekly subscription:

- **£1 a week or £4 every four weeks if they play in just one of the Euro or UK syndicates.**
- **£2 a week or £8 every four weeks if they play in both the Euro and UK syndicates**

So introduce just 5 members who play in the UK and Euro syndicate and you will be playing in BOTH SYNDICATES for FREE!

But it gets better...

For every new player your referred members introduce, you earn 5%:

- **£0.25 a week or £1 every four weeks if they play in just one of the Euro or UK syndicates.**
- **£0.50 a week or £2 every four weeks if they play in just one of the Euro or UK syndicates.**

+ Earn money from the new players who your referred members introduce! And whom they introduce!

It's dead simple...

- Refer 5 friends, family, colleagues, or whoever to the [UK Lotto](#) and [Euromillions](#) and you will earn £10 commission and play 88 times in the UK lottery and 36 times in the Euro lottery effectively for free each week!
- Now you have a total of 124 FREE entries each week!

**Get to this stage and you are now playing both the UK and EURO lotteries for FREE!!
(As I promised at the start of this ebook)**

This is a VERY contagious offer that people lunge at. Just think about how many millions of people already play the lotto each week worldwide, paying WAY more, LESS conveniently, with LESS CHANCE of winning!

IT GETS EVEN BETTER....

There is no end to the possibilities of this system. If you keep referring new members you will continue to earn commission and get paid for your efforts as long as they remain a member! There are also extra incentives for the more members you refer. You will be added to extra syndicates for FREE as you refer more and more people.

Please understand, you are NOT required to introduce new members, the choice is yours. You can if you wish, just play in the syndicate and increase your chances of winning lottery prizes. You will not be required to pay the £4.99 membership fee if you just want to play the game.

HOWEVER... See how your earning figures can potentially become staggering when you become an affiliate member and introduce say 20, 50, even 100 members personally? **Do the math.**

Even if you introduce just 5 members to play for free and all your 5 members all do the same and introduce 5 people each you will make £25 **PROFIT!** Every 4 weeks + your lottery winnings.

But imagine if all them members introduced 5 members as well, £150 **PROFIT!** Every 4 weeks + your lottery winnings.

And if they all do the same £775 profit every 4 weeks... do I really need to carry on.

ALL THAT JUST FROM 5 MEMBERS! – The sky really is the limit! There are people earning £5000+ a month from this, which I can prove. The people who are earning this kind of money are just regular people like you or me. I could give you e-mail addresses even home phone numbers of the people who are earning this money. This is because there is so much support from people above you who all want you to do well because everyone benefits from you being a success.

This doesn't even take into consideration your eventual lotto winnings with the literally HUNDREDS of weekly entries you can obtain for FREE as you recruit more and more members.

And think, as long as your referred members and extended lotto "family tree" keep playing, you will keep on receiving a commissions cheque, month, after month, after month.

Massively improved chances of winning aside, there's also the simplicity and convenience of automatically playing with us every week, meaning there's NO MORE forgetting to buy tickets, NO MORE treks to the lottery shop and NO MORE losing those tickets either!

You will also receive a **FREE MEMBER WEBSITE**, where you can manage your e-Lottery account and monitor your winnings (the website is presented in 5 languages if you're from the Euro Zone). You will also get access to promotional material such as business cards, flyers,

promotional DVD's and much more to aid you on your quest for new members.

Everyone loves playing the lottery - your partner, parents, Grandparents, children, friends, colleagues etc, the list is endless. It's not like you're trying to sell double-glazing to anyone - most people play the lottery regularly anyway, either once or twice every week. In reality, they have an extremely small chance of winning anything. Introducing them to this system will surely open their eyes when they see odds like this stacked in their favour! Combine this with the affiliate member program option of earning an extra passive income, and then this offer really is a hard one to ignore and could quickly turn into a successful, profitable business. And remember, all your lotto winnings will be TAX FREE!

VWD also offer you a full 14-day money back guarantee if you decide playing the e-lottery system is not for you. You can't get fairer than that.

I think it's now time for you to view the promotional video and website that gives a great insight in to how the system works and on how you can benefit from becoming an affiliate member. Watch the video and have a good look round the site, where everything is explained in detail. Look also at the testimonial videos and see what difference the e-Lottery is making to ordinary peoples lives.
